

## STOCKLAKE PARK SCHOOL WEEKLY BULLETIN – Friday 21st June 2024

**Dear Parent/Guardian,**

**Message from the Head of School:**

I hope that you have enjoyed coming into school this week and hearing about how your child is in school or seeing first hand them taking part in one of our sports events. I have included a few photos here.

I was asked at parents' evening why I have not included a photo of a student and explained to the parent that I can only include photos where parents or carers have consented to these being used in the parent newsletter. If you are unsure as to whether you have consented, you can check and change this within the Arbor app.

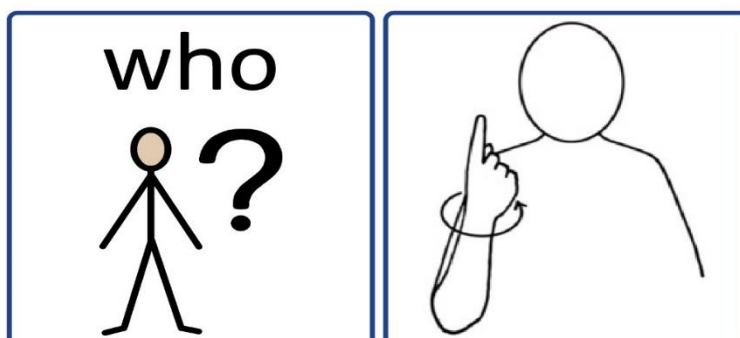

Next week the students will be taking part in a construction day, which involves a carousel of activities including dressing up in PPE, "hook a truck", "bulldozing" blocks (which will actually be made of foam), tuff trays with building materials such as sand with plant equipment e.g. model diggers, foam brick laying and construction with connector kits.

Have a great weekend.
