## CLASS UPDATE

### Student Trips

Our Students enjoyed their time at the Confident Futures Skills Show.

### Dragon Class

Last week Dragon Class worked on road safety as part of their personal skills. In groups they used Lego to build roads that include safe places to cross, including a Zebra crossing and traffic lights. Students transformed the classroom into a busy road and role-played their road safety skills using Stop and Go symbols to tell each other when they can safely cross. Over the next few weeks we will be putting our knowledge to the test in the community.

This week, Dragon class had an exciting opportunity to learn the essential life saving skills of CPR with our school nurse, Yvonne. Students worked towards earning a certificate from the British Heart Foundation for completing the course. They had a lot of fun using resuscitation dolls to practice chest compressions to the song "Staying Alive". We are very proud to say everyone earned their certificate on completion of the course.

## MESSAGE FROM HEAD OF SCHOOL

It has been a busy week for trips, with students going to Colourscape, the Confident Futures Skills Show, a Cricket Tournament and Aqua Vale. Don't worry if your child has not yet had their trip, there are more coming up to Thomley and Whipsnade, amongst others.

Thank you to those of you who were able to join us for our school charity shop. We will be hosting another one before the end of term and you will see a flyer coming out about this. The weather has finally turned around, which is a good sign for the photographer visit next week.

Have a great weekend.

**Rhonda Gosney**
