## SIGN OF THE WEEK

### Feelings

The week we are looking at feelings.  
Here is also a lovely video that will help you and your child to learn the signs for feelings and emotions.

Students return to School

## MESSAGE FROM HEAD OF SCHOOL

Last week, students enjoyed another musical extravaganza with the Electric Umbrella visit. Students were free to enjoy, dance and even join in with singing. It was lovely to see some of our students who can be quite shy, confidently getting involved.

You will already have seen the class lists for next year with new class names. Most of the people that we see on the tv or in the media are neurotypical and able bodied. Although there has been a movement more recently to become more inclusive, we want to highlight some of the inspirational adults that our students may relate to. Transition booklets will also be sent home once we have collated photos from all of our new students, and you will have these before we break up. Next week you will receive your child's end of year reports and TPP documents. It's always good to go back and revisit where the students started the year, and to see how far they have come. There were some great photos which really had me smiling while I read them.

Have a lovely weekend and great summer holiday.
